

NDC Solution Expert (f/m/d)

Full-time, remote work possible, Worldwide

WHY WORK AT HAHN AIR?

- > **Work culture:** We are a successful hidden champion in the airline industry that treats its employees with appreciation, generosity and always at eye level
- > **Development:** We offer a variety of training courses as well as numerous opportunities to develop yourself on the job
- > **Work-life balance:** With flexible working hours, the possibility to work remotely, sabbaticals and part-time models, we offer ideal conditions for a good work-life balance
- > **Work from anywhere:** With us, you have the option to work from anywhere in the world for a certain amount of time
- > **Events:** We like to spend time together at after-work events, team activities, summer parties and Christmas celebrations
- > **More benefits:** 13 monthly salaries, a lunch allowance of up to 780 euros per year, up to 600 euros of freely usable credit per year, 30 vacation days, childcare allowance, free charging facility for e-vehicles at headquarters, financial support for taking out a private pension plan and much more

YOUR JOB

- > Analyze business requirements coming from Product Management Team or the customer and define the development requirements
- > Provide functional and technical assistance in identifying, evaluating, and developing systems and procedures
- > Work closely with developers to ensure that the requirements are being met
- > Support developers with NDC (New Distribution Capability) functional process and data, Quality Assurance resources, and functional support of colleagues
- > Design and create test plans and cases as well as execute all test cases
- > Identify and resolve issues observed to ensure quality of the software
- > Participate in industry meetings to raise Hahn Air's requirements and keep up to date with latest standard developments
- > Assist Commercial and Operation divisions with pre-sales activities

YOUR PROFILE

- > University degree in the fields of Economics or Computer Science or similar
- > 4+ years working experience in the areas NDC/ API Integration and Testing (SOAP, REST)
- > Strong functional knowledge of IATA NDC and Airline Retailing
- > Experience with Airline or Airline system provider
- > Experience with POSTMAN or similar tool for API Testing
- > Outstanding self-organization as well as time management and proactive attitude
- > Excellent ability to solve problems as well as accurate work style
- > Great analytical skills and ability to reduce complex subjects
- > Business fluent in English (written and spoken)

Welcome to connecting the world

Every nine seconds a passenger is boarding a plane using a Hahn Air ticket at one of 4,000 airports around the globe. For more than 20 years, our medium-sized company has been successfully connecting the world: Our unique business is linking 350 partner airlines with travel agencies worldwide. And it's our people who make it happen. We are travel enthusiasts, aviation nerds, hobby gourmets, dancers, parents, runners and musicians. We come from 35 different countries, and we work from all over the world. Our different backgrounds make us complement each other and drive our global business. It is enthusiasm and great work that we value, rather than titles. And together, we make exciting things happen - for our customers and for ourselves. Be part of a team where everybody makes a difference, where innovative ideas are heard and where you'll make connections

You can learn more about us as a team via LinkedIn [#wearehahnair](#) and on our [Career section](#).
