

NOW HIRING

Full Stack Developer (f/m/d) for Innovation Team based in Dreieich (near Frankfurt), Germany

Collaborating with a handful of experts from all over the world, you will perform real pioneering work. As part of the Innovation Team you will develop prototypes based on disruptive ideas and the latest digital trends in machine learning, chatbots, digital assistants, mobile apps, blockchain and payment. In return, we offer you the freedom you need to get involved, design and leave your footprint in the world through real digital solutions.

OUR OFFER

- > multi-cultural working environment with English as the company language
- > flat hierarchies and short decision paths
- > spacious workspaces with the latest technological equipment
- > flexible working hours promoting a greater work-life balance
- > a work culture of appreciation with regular corporate and team events
- > free beverages, meals and a game room to unwind

YOUR JOB

- > turn innovative ideas into digital magic
- > design and develop software prototypes with Python, Golang, Java, C++ or C#
- > design and develop mobile and progressive web applications with JavaScript, HTML 5, CSS or other suitable languages
- > create APIs using mainly REST API or GraphQL
- > write tests for your code, test and optimise it
- > learn and grow so you can do a better job every day

YOUR PROFILE

- > university degree in computer science or a similar qualification
- > several years of professional experience, preferably in a start-up environment
- > proactive and creative problem solver with a passion for new programming languages and technologies
- > strong knowledge of innovative technologies, such as Android and iOS chatbots, artificial intelligence and blockchain (especially Ethereum and Hyperledger Fabric)
- > strong skills in JavaScript and corresponding frameworks (including React, Node.js, Angular, Bootstrap) as well as Python, Golang, Java, C++, C#, HTML 5 and CSS
- > familiar with SQL and NoSQL databases such as PostgreSQL, MySQL, MongoDB
- > good knowledge of REST API, and GraphQL, payment API like Stripe or similar is a plus
- > familiar with cloud platforms Google, AWS and Azure
- > business fluent in English

Hahn Air is a German scheduled and executive charter airline. Since 1999 it offers indirect distribution services to other airlines and thus provides ticketing solutions to 100,000 travel agencies in 190 markets. With 20 years of experience, the company has established itself as the market leader. Today, Hahn Air's partner network encompasses more than 350 partner airlines. Every year millions of passengers travel between 4,000 locations using Hahn Air's HR-169 tickets. At our head office in Dreieich, conveniently located just a few driving minutes from Frankfurt, you will be working with over 300 people from more than 30 different countries.

ARE YOU READY FOR TAKE-OFF AT HAHN AIR?

Laura Colell is looking forward to receiving your application.
